The Jekyll Island State Park Authority (JIA) committees met in Public Session via teleconference on Monday, November 21, 2016 at the Jekyll Island Authority Administrative Office, 100 James Road, Jekyll Island, GA.

Members via teleconference: Richard Royal, Chairman  
Bob Krueger, Vice Chairman  
Mike Hodges, Secretary/Treasurer  
Mark Williams  
Sybil Lynn  
Joy Burch-Meeks  
Bill Gross  
Bill Jones  
Trip Tollison

Staff Present:  
Jones Hooks, Executive Director  
Marjorie Johnson, Chief Accounting Officer  
Daniel Strowe, Legal Associate  
Linda de Medicis, Executive Assistant

No members of the public or press were present.

Chairman, Richard Royal called the Committee session to order at 9:30 a.m. Roll call was taken for Board members participating via teleconference. A quorum was established.

Committee of the Whole: Mr. Ben Carswell, Director of Conservation presented the Resolution in Support of the Georgia Recreational Trails Program (RTP) Grant Proposal for consideration. The Coastal Georgia Greenway is a 155-mile trail system which will connect South Carolina to Florida through Georgia’s six coastal counties. The Island Hopper Trail is a planned 36-mile route that, when complete, will connect Jekyll Island with historic Brunswick, Saint Simons Island, Hofwyl-Broadfield Plantation Historic Site, and the Sapelo Island Visitor Center and ferry. The Island Hopper Trail will itself be a component of Coastal Georgia Greenway, to connect St. Mary’s to Savannah, and is seen as a linchpin for the successful completion of the Greenway. Georgia State Legislature passed SR730 encouraging State Authorities and others to support implementation of the Coastal Georgia Greenway through pursuit of public and private funding. The proposed RTP grant funds provided for construction would amount to $100,000. Though no funds were obligated, an allocation of $10,000, the Jekyll Island Authority match, will be proposed in the Fiscal Year 2018 budget. Funds amounting to $17,800 recently awarded by the Coastal Regional Commission (CRC) have also been identified as in-kind match, with the support of the CRC. The grant period will begin in FY18. Mr. Krueger and Ms. Lynn moved to approve the Resolution in Support of the RTP Grant Proposal; seconded by Mr. Jones. Approved by 8-0-1 vote. Commissioner Mark Williams recused himself from this item due to a potential conflict of interest.

Chairman Royal adjourned the Committee Session at 9:37 a.m.

Jekyll Island Authority Board Meeting

Chairman Royal called the Jekyll Island Authority Board of Directors meeting to order at 9:37 a.m. and a quorum was established.

Minutes: Chairman Royal called for a motion to approve the minutes of the November 21, 2016 Board of Directors meeting. Mr. Krueger moved to approve; seconded by Ms. Lynn. Unanimously approved by the Board.

Committee of the Whole: Recommended approval of the Resolution in Support of the Georgia Recreational Trail Program Grant Proposal. Chairman Royal stated no second required; approved by 8-0-1 vote. Commissioner Mark Williams recused himself from this item due to a potential conflict of interest.

There being no additional items to bring before the Board, Chairman Royal adjourned the meeting at 9:38 a.m.
The Jekyll Island Authority (JIA) committees met in Public Session on Monday, December 19, 2016 via Teleconference at the Jekyll Island Authority Administrative Office, 100 James Road, Jekyll Island, GA.

Meeting Summary

Committee of the Whole
A.) Approved November 21, 2016 Board Meeting Minutes
B.) Approved Resolution in Support of the Georgia Recreational Trails Program Grant Proposal
BOARD TELECONFERENCE MEETING

JIA Administration Building Conference Room
100 James Road, Jekyll Island, GA 31527

Monday, December 19, 2016
Agenda

9:30 a.m.  JIA Committee Meetings*

*All applicable public comments will be heard during the committee meeting.

Chairman Richard Royal – Call to Order

Committee of the Whole – Section VI
Richard Royal, Chairman

A.) Consideration of a Resolution in Support of the Georgia Recreational Trails Program Grant Proposal – Mr. Ben Carswell, Director of Conservation

Adjournment

---

JIA Board Meeting Agenda

Chairman Richard Royal – Call to Order

Action Items

A.) November 21, 2016 Board Meeting Minutes
B.) Resolution in Support of the Georgia Recreational Trails Program Grant Proposal

Adjournment
RESOLUTION OF THE Jekyll Island – State Park Authority

I. WHEREAS, the Coastal Georgia Greenway is a 155-mile trail system which will connect South Carolina to Florida through Georgia’s six coastal counties; and,

II. WHEREAS FURTHER, the Island Hopper Trail is a planned 36-mile route that, when complete, will connect Jekyll Island, a State Park managed by the Jekyll Island Authority (JIA), with historic Brunswick, Saint Simons Island, Hofwyl-Broadfield Plantation Historic Site, and the Sapelo Island Visitor Center and ferry. The Island Hopper Trail will itself be a component Coastal Georgia Greenway, to connect St. Mary’s to Savannah, and is seen as a linchpin for the successful completion of the Greenway; and,

III. WHEREAS FURTHER, The Recreational Trails Program (RTP) is a grant program, for which The United States Congress appropriates funding, through the Federal Highway Administration, and the RTP is administered at the state level by the Georgia Department of Natural Resources, Parks, Recreation, and Historic Sites Division; and,

IV. WHEREAS FURTHER, the Georgia State Legislature passed SR730 encouraging State Authorities and others to support implementation of the Coastal Georgia Greenway through pursuit of public and private funding; and,

V. WHEREAS FURTHER, JIA Conservation Staff have submitted a RTP grant proposal in support of the project known as Jekyll Island Causeway – Island Hopper Trail – Phase-I. The goal of this proposal is to secure additional funding to help complete the section of trail connecting the Jekyll Island Guest Information Center with the bridge over Jekyll Creek; and,

V. WHEREAS FURTHER, The JIA Board and senior leadership staff understand that this proposal, if funded, would obligate the JIA to a minimum cash match of $10,000 to be used towards design and engineering expenses. Funds amounting to $17,800 recently awarded by the Coastal Regional Commission (CRC) have also been identified as in-kind match, with the support of the CRC. The proposed RTP grant funds provided for construction would amount to $100,000. The grant period would begin in FY18.

NOW THEREFORE BE IT RESOLVED BY THE Jekyll Island – State Park Authority THAT:

The Authority fully supports the grant proposal proffered by the JIA Conservation staff and shall be committed to the match requirement proposed therein. Furthermore, the Authority shall continue to seek additional funding, to further leverage the investment of the Recreational Trails Program and other partners, with the firm intention of completing Phase 1 of the Jekyll Causeway in a timely fashion.

Our numbers were up this year due to CareNet dinner for 800 moving from October to November – so we took the loss of revenue in October and made it up this month. (Additional $29K). The event of the month was the 99th Anniversary Military Ball for the 3rd Infantry Division that we had the honor of serving. We hosted 1540 military and spouses for a reception and dinner. This added $91K to our revenues. They are hoping to host the 100th Anniversary with us next year but there is a scheduling concern as the 3rd ID will be deployed and will not have returned for the normal fall ball. Discussions are whether to delay until 2018 for a return celebration tied to 100th year.

FUTURE CONTRACTS ISSUED - 9 – Estimated revenues $135,100

MEMORANDUM

TO: HISTORIC PRESERVATION/CONSERVATION COMMITTEE
FROM: BEN CARSWELL, DIRECTOR OF CONSERVATION
SUBJECT: CONSERVATION UPDATE
DATE: 12/13/2016

Research and Monitoring

- Our Bald Eagle pair has begun nesting for the year! Breanna first noticed the female incubating on December 6th (photo below) Using this date, the eggs are projected to hatch the second week in January. We have transitioned Ranger Walks to focus on the Bald Eagles and the unique nature along one of our historic trails across from the old infirmary. Guests will learn the trail’s history, identify unique vegetation communities, and see examples of active wildlife research efforts as well as having a high chance at seeing one of our eagles.
- Our annual deer spotlight surveys have been completed. We saw 293 deer over the 3 individual nights with 107 in one night alone. The data from these surveys will be combined with the data from our recently completed camera surveys to come up with a minimum deer population estimate for the island.
- The UGA Warnell School group that is conducting the plant/deer study has added a Masters student to the project and is currently seeking additional funding to expand the scope of the project. I’ve asked them to plan to report to the JIA Board at the January meeting. The doctoral student assigned to the project was down last week to scope and map field sites in preparation to start adding study plots.

Management and Planning

- We held an EAP meeting for trails associated with the new Camp Jekyll facility. One trail that was proposed is a boardwalk that will be ADA compliant and will give students a safe and elevated view of the Willow – Hibiscus Wetland Slough that makes up a major portion of the interior across from Camp Jekyll. Another proposed trail will be a dirt path that will follow the top of the forested dune ridges giving prominent and diverse views along the eastern edge of the slough.
- Our two Conservation Americorps members have been extremely productive in their efforts at controlling invasive plants on the island and on the causeway. As hoped, they are taking our game in this arena to a new level. Halfway through their term now, they are in the early phases of developing their own individual project using the knowledge that they have gained since starting back in September.

Outreach and Community Engagement

- Ben and Yank attended a Successful Watershed Planning Workshop hosted by Sapelo Island National Estuarine Research Reserve (SINERR) in partnership with Georgia Department of Natural Resources (GaDNR) at the Richmond Hill City Center. This workshop was focused on ways for city managers to make conscious decisions when dealing with local waterways and infrastructure.
- Ben gave a presentation about wetland conservation on Jekyll Island to the Governors South Atlantic Alliance – Wetlands Working Group, which held a meeting at Villas By the Sea.
• Ben gave an invited lecture, focusing on our marsh restoration planning work with Fortson Pond and First Creek, to College of Coastal Georgia’s Aquatic Biology and Ecology class.
• Yank is slated to attend a workshop on Coastal Planning Utilizing Geospatial Information with an emphasis on using NOAA’s Digital Coast Toolkit. This Workshop is also being hosted by SINERR and GaDNR at the Richmond Hill City Center.

Bald Eagles on the nest, taken Tuesday December 6th, shortly after the paired laid and began incubating this year’s brood.
In November, the Jekyll Island Museum set records for both Public Tour and Museum Store Revenues. Public Tours topped a prior record previously established 15 years ago in 2001. As a result, the museum’s Total Revenues also exceeded prior records for the Month of November by a substantial margin.
Special Events

• **Holidays in History – 210 Attended in November**
  Began Holidays in History tours of the Historic District on Saturday, November 26. These seasonal programs are offered at 11 am, 1 pm, and 3 pm daily through the month of December.

• **Upcoming Events 2017**
  Finalized the Museum’s Annual Program Calendar for 2017

Curatorial/Research

• Developed the 2016 Holiday Plan for decorating the Historic District. Coordinated the JIA-wide team effort to hang exterior and interior decorations for the holiday season in advance of the Tree Lighting Festival.
• Partnered with the Georgia State Archives to present State Records Training for JIA staff
• Installed the Historic St. Andrews Beach exhibit at Camp Jekyll
• Working to update and replace several interpretive panels in the Historic District
• Created a map of local historic sites for placement in a brochure promoting partner historic sites in Southeast Georgia
• Responded to 4 internal and 2 external research requests

Historic District/Preservation

• Met on site with Wanderer exhibit designer to begin the design process.
• Participated in FEMA claims effort
• Reviewed Club Hotel plans for changes and additions structures, landscapes and interior spaces.
• Participated in Mosaic design session
• Hosted ribbon cutting for the Hollybourne porch with the Friends of Historic Jekyll Island.
• Reviewed landscaping issues at Hollybourne Cottage

  - **Shane Davis** with Vehicle Maintenance
  - **Rose Marie Kimbell** with Historic Resources
  - **Dalia Patterson-Charles** with Museum
Meet our December Featured Employee: Cheltsey Vann

Cheltsey has been with Jekyll Island Authority since October 6, 2015 and is currently an Educator in our Museum. Her main responsibilities are writing, researching, and developing educational programs for the Museum. She also gives tours and educational demos.

Her favorite thing about working for JIA is the location. She loves that we are "nestled in a beautiful, natural, and history-rich location full of happy visitors and hard-working employees"!

When she's not working, you'll find Cheltsey reading a book, sketching and creating her own comics, crafting things from recycled materials, or playing video games.

We're lucky to have you, Cheltsey! Keep up the great work!
MEMORANDUM

TO: COMMITTEE OF THE WHOLE
FROM: TERRY M. NORTON, GSTC DIRECTOR AND VETERINARIAN, JOHN MARR, GSTC GENERAL MANAGER
SUBJECT: GEORGIA SEA TURTLE CENTER UPDATE – NOVEMBER 2016
DATE: 12/13/2016

We spent an afternoon here, learning about sea turtles. There are large pools of rescued turtles, and a nicely organized exhibit describing the life of a sea turtle. Good overview of the challenges turtles and other wildlife face along the heavily developed southern coastline. Quote from Trip Advisor (Nov. 2016)

Summary Comparisons with Prior Year (November 2016 vs. November 2015)
Concession sales and Admissions were 15% and 9% higher compared to last year. Substantially higher compared to last year were: Adoptions (30%), Guided tours (60%), and School Field Trips (71%), causing overall total reservations to be about 65% higher over November 2015.

Revenue Categories*
- November concessions $49,502.50 was $6,502.46 more than budgeted
- November admissions $26,232.62 was $1,232.59 more than budgeted
- Adoption (Sea Turtle) 74 | $3,700
- Bricks 3 | $300
- Donations (general) 15 | $3,085
- Guided Tours (Groups) 419 participants | $3,779
- Independent Tours 23 participants | $115
- Behind the Scenes 38 partic. | $389
- School Field Trips 352 students | $2,533
- Distance Learning 132 (students) | $220
- School Outreach 0 students
- Public Outreach 0 people reached
- Memberships 6 | $360
- Daily Programs 111
- Scouts 8 participants | $176

Sub-Total Education Reservations: Clients 984 | Revenues $7,243

*some online payments are received 2 weeks later

![Audience Reached Education November, 2016](image)

These numbers include select education activities including events and off-island outreach; does not include Eco-programs or Daily programs admissions.

Marketing/PR/Events
- The United Way BBQ raised over $1,500
- Kira Stearns from Education represented the GSTC at the GA Association of Marine Educators.
- Several news articles covered GSTC stories this month (archived by Marketing)
• **Social Media, Website and Communications Updates:**
  - Trip Advisor: 1,399 reviews, ranking GSTC #3 out of 26 Jekyll attractions
  - Facebook: Over 31,550 likes

**Education**
- The new AmeriCorps Members are fully trained and conducting education programs.
- Exhibit upgrades and repairs continue and plans for Discovery Nook designs are underway.

**Rehabilitation**
