Jekyll Island

Jekyll Island is a barrier island on Georgia’s coast – midway between Jacksonville, FL. and Savannah, GA. Accessible by car just minutes from I-95, Jekyll Island offers a variety of amenities, including 10 miles of beach, four golf courses, a 240-acre Historic Landmark District, water park, tennis center, and an array of lodging options including hotels, cottages and a campground. Owned by the State of Georgia and managed by the Jekyll Island State Park Authority, Jekyll Island limits its development to preserve the critical barrier island ecosystem and provide guests with a unique escape from the crowds and complications of other beach resort destinations. Please visit www.jekyllisland.com for more information on accommodations and directions.
