

**Public Notice: Tree Permitting and Debris Collection Schedule
September 29, 2017**

Tree Permitting Resumes

Effective 8 a.m. Monday, October 2, 2017, the temporary suspension of Chapter 20, Article IV (“Tree Protection”) of the Jekyll Island Authority Code will be rescinded. After that time, required permitting and use of an approved service provider will resume. For questions, please contact Cliff Gawron, Director of Landscaping & Planning, at (912) 635-4099.

Debris Collection Schedule

The schedule for the last removal of storm debris is below. You must have all storm debris in front of your home on your scheduled collection date. Debris will not be collected after the date listed for each zone.

Please keep debris piles away from utilities, especially water meters. **Do not mix any manmade trash, including household or construction materials, with natural/vegetative debris (tree limbs, leaves, etc.).** Only vegetative debris will be collected. Piles containing mixed debris will be left on your property and will be your responsibility.
